

**Gulfco Marine Maintenance Site
Freeport, TX**

COMMUNICATION PLAN / TIMELINE

UNILATERAL ADMINISTRATIVE ORDER

On May 23, 2005, the Environmental Protection Agency signed a Unilateral Administrative Order (UAO) for a Remedial Investigation and Feasibility Study (RI/FS) for the Gulfco Marine Maintenance Site (Site). The Order will be provided June 6, 2005 to the Potentially Responsible Parties (PRPs) for the Site. For this action, the PRPs are Dow Chemical Company, LDL Coastal Limited L.P., Sequa Corporation, Jack Palmer and Ron Hudson. The UAO is effective as of July 15, 2005. The action will determine the nature and extent of contamination as well as alternatives for remedial actions at the Site.
